Meeting is to bring everyone on the board up to date on what was questioned after the meeting on 6/21/2021 about the pay of the officer at the River Park over the weekend of the 4th of July. Looking into past years it showed that past employees of the town had it where the town paid the officer and the park refunded the town. Nelson guys are not liking the fact that they work for \$25.00 hour for 3 hours, and then being taxed bringing home near nothing for working the 3 hours. Aaron did some emailing to River Park board and Carolyn is going to go back to writing the checks for the officers that work instead of the town paying. She stated that it would be easier for to pay straight out. Addison keeps talking about a agreement that was wrote up to give to the Davie County Commissioners and Bullock Development Properties that stated the town will help where we can. Nelson had already stated that its in the daily ride around to do drive thru support as stated. Mayor Almond stated that we cannot make the guys go over and work if they are not schedule to work. Nelson had already talked to Addison about the issue of officer working at the park back in 2017/2018 time frame when started working for the town. Later on someone on the board for river park and involved and thought it be better for the town to pay the officers. Officer are saying they be willing to do it but no was wanting to sign up till the pay part was figured out. If the Town Hall pays out the officer the money actually comes the police department budget for the year and we do not figure special events into the budget.

Motion by Commissioner Reavis for the River Park pay the officer directly.
Seconded by Commissioner Cover, motion carried (4-0)
